

## WWII Nominal Roll

### Australian Defence Forces & Merchant Navy

The World War Two Nominal Roll was created to honour and commemorate some one million people who served in Australia's defence forces and the Merchant Navy during this conflict.

The Nominal Roll provides all Australians with access to an index of information from approximately one million records of servicemen and women who were in Australia's defence forces and the Merchant Navy during World War Two.

The Nominal Roll also provides a 'snapshot' of individual service, by displaying a range of information on each person, gathered from service records. For more detailed information on an individual, please refer to complete service records held by the National Archives of Australia.
